Education

University of Oxford, Oriel College *BA English Language and Literature* **2023–27**
- Expected First Class Honours

Westminster School (London) **2020–22**
- A-Levels: 3A*s

Garden International School (Kuala Lumpur) **2018-20**
IGCSEs: 10 A*s

Work Experience

Co-Founder | Five Stones Consultancy **08/2026-*present***
- Founded an AI-solutions consultancy specialising in SMEs across Malaysia and Singapore, delivering growth strategy and implementation across a five client portfolio; lead sourcing, client diagnosis and solution design.
- Contracted engineering team to build proprietary agentic AI harness to automate operational workflows and content production
- Closed MYR15,000 revenue-max engagement with landscaping company Ground Control: built a patient-recapture chatbot and website, with an ongoing performance-linked retainer.
- Drove Jorb AI's (a career copilot) LinkedIn strategy from 0 to 600K+ total impressions across 40 posts, with the top-performing post alone reaching 224.1K.
- Building a patient Customer Relationship Manager for a construction firm taking over a major KL landmark, to recapture data analytics for 20,000+ customers

Chief of Staff | Structured AI, NYC (Y-Combinator, F25) **01/2026–09/2026**
- Ran HR, GTM & Ops for an 8-person Y-Combinator backed startup; ran full-cycle recruiting across Oxbridge, MIT & Harvard
- Built automated financial forecasting model, cutting monthly spend 21% and replacing manual reporting.
- Developed 2 internal tools (landing page, internal dashboard) consolidating deals, hiring, outbound and scheduling into one system.
- Represented company at 3 industry conferences, generating 20+ potential clients with one conversion.
- Supported the company move to New York City.

Generalist & GTM | Bluefire Restaurants Group **06/2023–01/2025**
- Ran digital transformation focused operations across 13 locations for a mid-size restaurant group.
  - Aided the digitalisation of core records, e.g Standard Operating Procedures (SOPs), training manuals and shift handovers
- Produced social content generating 370k+ views on top posts.
  - Founded and ran recurring events such as a bi-monthly coffee club, which increased monthly alcohol sales by 12%.

Founder | Aftercare Records, backed by Believe Music Singapore **10/2024–01/2025**
- Built and executed a launch strategy for a debut release single, driving 30k streams in 3 weeks post-release.
  - Owned content strategy across social channels (top content reaching over 133k views).

Consulting Intern | Willis Towers Watson **06/2024–09/2024**
- Contributed to an advisory for the central bank (Bank Negara Malaysia) on the evolving mandate of central banks.
  - Conducted comparative policy analysis of Singapore's Progressive Wage Model (PWM) and Malaysia's Progressive Wage Policy (PWP), benchmarking wage-policy design across markets to inform recommendations.
  - Presented research on Bank Indonesia's digitalisation of the rupiah to inform digital currency strategy.
- Contributed to an advisory for a health-sector client.
  - Built a productivity benchmarking matrix spanning 12 corporate functions, triangulating client Key Performance Indicators against industry-standard functions (APQC, PwC surveys) to flag underperforming functions ahead of a restructuring.

Extra-Curricular

Y Combinator's Startup School **07/2026**
- Accepted into YC Startup school at a ~5% acceptance rate.

Oxbridge AI x Project Motherboard Hackathon **02/2026**
- Led a team of four to win first place for a health-tech wearable 'Auracle', an air filtration device with an olfactory sensor that detects unsafe Air Quality Index levels. Pitched live after 24 hours with 3D printed demo and companion web-app.

Lead singer of two semi-professional bands **11/2024-02/2026**
- Led and managed 12 person and 5 person band simultaneously.
  - Managed rehearsal and events scheduling for 17 musicians, and maintained a warm-list of deputies for unexpected absences
  - Sourced, negotiated, and closed 50+ paid bookings with venues and festival organisers, managing contracts, equipment rental, accounts.
- Scaled from non-profit gigs to performing Oxford's largest events (Wadstock Festival 2025, Jesus-Exeter Ball 2026), accumulating crowds of over 3000. Managed ticket sales for headline shows at competitive Oxford venues (The Bullingdon, Jericho Tavern).
- **Xiamen University School of Management (SMXMU)-Oriel Exchange Scholar** **06/2025-08/2025**
  - Selected to attend SMXMU's summer exchange programme, fully funded.
  - Conducted on-site company research and presented findings on the origin and rapid scale-up of domestic champions (ANTA, ITG) to international cohort.

Skills and Certifications

2025/10–12 **Harvard CS50X Computer Science EdX course |** *Self-taught*
